

## Creative tip FIMO liquid “Lampshades”

### Step 1

Draw a lampshade onto a relatively thick piece of paper and then cut it out. Apply a thin coat of FIMO liquid to it.

## Step 2

Carefully place 1 serviette layer with cut-out motif onto the lampshade.

## Step 3

Apply another thin coat of FIMO liquid and then leave to harden for approx. 20 minutes at 130°C.

Step 4

Assemble the lampshades and attach to a string of lights.
